PREAMBLE

The Timber Trails Homeowners' Association Board of Directors is responsible for policy information, implementation and interpretation. These Rules & Regulations have been extracted from the technical language of the Declarations and By-Laws of Timber Trails with the intent to help residents better understand them.

The Rules & Regulations of the association are needed for the protection and benefit of owners and residents. Our goal is to improve the community, promote the safety and welfare of our residents, and to maximize the property values of our homes. They are not intended to restrict the owners or to prevent their enjoyment; rather, the Rules & Regulations have been established to increase everyone's use and enjoyment of the community.

Please remember, the Board of Directors is not a police department. The homeowners have the responsibility of assisting the Board in reporting violations of the Rules & Regulations, Declarations, and By-Laws. Unless the Board of Directors, through its Management Company or web site, is notified of rule infractions by the homeowners that witness the infraction, the rules cannot be enforced. Each homeowner's cooperation and participation is encouraged. All homeowners are responsible for damage/violations by those residing in their home or their guests.

This document is not intended to be all-inclusive or exclusive, but to serve as a guide for making improvements in the community. The Rules & Regulations will be reviewed based on concerns and complaints from the community. The Board of Directors reserves the right to make policy changes at any time.

Respectfully,

Board of Directors
Timber Trails Homeowners' Association
